

**October 29-30, 2012**

RU1 at the Athens Plaython game festival

RU1 participated in the Athens Plaython Street Games Festival (<http://athensplaython.org/en>), presenting the Tug of War game. Although it was just the second year the event was organised, it was a big success. Over 1500 people visited the event venue and had lots of fun playing games and learning about embedded hardware.
